

To whom it may concern,

It is with confidence that I recommend Michael Oberheu for a position in your organization and it is a pleasure to write this letter of recommendation for Michael. I have worked with Mike for over 8 years and don't know what I would do if I didn't have Mike as part of our team. He goes above and beyond to any vendor I have ever worked with. He truly is a gem and anyone who hires him would be lucky to have him.

His job responsibility is creative director, but daily he fills so many more shoes for us. He is our account and project manager, copy writer, and strategic partner. It amazes me how he can manage all these hats and continues to provide amazing creative execution.

His creativity is limitless. Not everyone can make agriculture parts look sexy. Seriously though, Mike continues to find new ideas to keep our brands and products fresh. He provides insight to help build strong messaging and never settles. He actually challenges me to make sure we have the best creative.

Although Mike is our vendor, I feel he is part of our company. He cares for what he does for us, and I will surely miss him. I honestly will not know what to do without him or his sense of humor.

Sincerely,
